When in the autumn 1963 on the Turiner autosalon the Lamborghini was to be admired 350 GTV, only the few viewers suspected that they had attended the birth of an automobile legend.

More than 40 years later we know that Lamborghini - despite many difficulties - belongs owing to its strenght defying and breath-robbing models to the autoelite

With models like the Miura, Espada, COUNT oh, Diab created the house from Sant'Agata - beside many other models - classical authors, who decorate today the gara of the collecting tanks - and since the AUDI AG the company took over and saved, the MurciŽlago and the Gallardo the tradition continued.

In this book the most beautiful and the most important Lamborghini Verkaufsprospekte are collected - small aesthetic masterpieces, which tell much of the spirit of time apart from the technical facts, in which from the dream of the Ferruccio Lamborghini an admired reality became.
